## The Many Lives Of Benjamin Franklin

All questions must be answered in complete sentences! All answers go on loose leaf!

1. What was Ben's life like as a young boy? Give specific examples!
2. What does the author mean on page 183 when he says that "Benjamin....turned him into a man with many lives?"
3. What was Ben's life like when he went to live with his brother? What was still his true "love" during that time?
4. In the cartoon caption on page 185, it says that Ben became an "apprentice" to his brother. What does that mean?

5. Why did Ben move to Philadelphia? What was the name of the club that he started there? What kind of club do you think it was?
6. Why was "Poor Richard's Almanac" so popular? What was the most popular feature?

Think of all the many inventions that Ben created. Do you think your life is better because of that invention? Write a persuasive paragraph **SHOWING** how an invention of Ben's has improved your life.

Have an idea for the next great invention? Tell me about it! Draw, label and **BRIEFLY** describe its function right here!
